

How to Use the New Ticket Vending Machines and Validators

1 Select Your Fare Product

With Tri-Rail's new ticket vending machines, you can quickly load a one-way, round-trip, 12-Trip or Monthly Pass on your EASY Card.

2 Select Your Destination

After choosing your ticket type, select your destination zone. A zone map will be displayed on the screen.

3 Purchasing Tri-Rail Paper Tickets

If purchasing a Tri-Rail Paper Ticket, you will be prompted to select the number of paper tickets you would like to purchase. Push the appropriate buttons to make your selections. The total amount of your purchase will appear on the screen in front of you.

4 Insert Credit or Debit Card to Complete Your Purchase

Insert your credit or debit card in the slot and follow the instructions on the menu screen. Please note that Tri-Rail TVMs will NOT accept PIN-authorized ATM cards. Your EASY Card or Tri-Rail Paper Ticket will drop into the Ticket/Change slot clearly marked near the bottom of the TVM. You may cancel your transaction at any time by pressing the Cancel button on the menu screen.

NOTE: EASY Tickets are not available at Tri-Rail TVMs, and can only be purchased at a Tri-Rail Ticket Kiosk.

Using The Validator

To validate your EASY Card or EASY Ticket, simply tap the card or ticket on the validator as shown below.

The validator should not be used to check your balance.
