

How to Transfer Using Your EASY Card

It's fast and easy to transfer to Miami-Dade Transit, Broward County Transit and PalmTran with the EASY Card.

Transferring to Miami-Dade Transit

Miami-Dade Transit (MDT) is in the process of changing their transfer policy. Until that happens, to transfer to MDT simply tap off after exiting the Tri-Rail train and tap on to board the Metrobus or Metrorail. If you purchased a Tri-Rail Paper Ticket, you may request an EASY Ticket at the Metrorail Station Ticket Kiosk upon presenting your Tri-Rail Paper Ticket to the station agent once you exit the Tri-Rail train.

When the MDT transfer policy is implemented, you may load cash value to your EASY Card at any Tri-Rail ticket vending machine to cover your MDT transfer fare. If you have used a Tri-Rail Paper Ticket to ride Tri-Rail and plan to transfer to MDT, you may purchase an EASY Ticket at the Metrorail Station Ticket Kiosk. Simply tap the EASY Ticket to board the Metrobus or Metrorail.

Passengers with a Monthly Pass loaded on their EASY Card can continue to transfer for free. You cannot use your EASY card or ticket to transfer directly into MDT unless it is a monthly. All other ticket types must stop at the kiosk to get a free transfer.

Transferring to BCT and Palm Tran

To transfer to Broward County Transit or Palm Tran, you will now need to present an EASY Card and the receipt you received when you made your purchase. Present both items to the bus driver when you board.
